## canvas wrap

*Classy alternative to framing.*

Canvas Wraps are printed on museum-quality canvas and hand stretched to a wooden frame. Your image will be gallery-wrapped, continuing around the sides of the frame and is coated to prevent fade and discoloring for a beautiful finish, and is display ready.

## metal print

*Hi-Tech alternative to framing.*

High-heat technology is used to fuse your image into the metal for incredible visual depth and luminosity. Matte or glass finish is available, and it is display ready.

## stand out

*Modern alternative to framing.*

A Stand Out is a lightweight board finished with a black edge, uv coating for added protection, and is display ready.
